

INTERNET CONSENT FORM

2010-2011

Immanuel Lutheran School

Courtland, MN

Children need to go on the internet from time to time for various classes. However, as you know there are also a number of inappropriate sites as well. Having internet connection in our school is a blessing. We do not want it to be a curse. The following guidelines have been set up for the safety of our children.

I agree that

- I will be able to use the internet only when I have direct permission from the teacher in the classroom and supervision from an adult.
- I will never give out my personal private information on the internet.
- I will never give out my schools information on the Internet without first asking an adult's permission.
- I understand which sites I can visit and which ones are off-limits.
- I will tell an adult right away if something comes up on the screen that makes me feel uncomfortable or is inappropriate material.
- I will never use email or social networks while at school.
- I know the internet is a useful tool and I will use it responsibly, if these guidelines are not followed my privilege of going on the internet can be forfeited.
- I will not take information from any internet site and pass it off as work I have done myself.
