

Dear Parents,

It is the policy of Immanuel Lutheran School that no child is denied a quality Christian education regardless of his or her parent's ability to financially contribute toward their total tuition cost. We have established a tuition aid fund to sponsor or supplement the costs associated with providing this education. If your situation makes it impossible or difficult for you to assist in helping to defray those costs, your signature below will allow us to accept donations which will help the school provide a better education for your child or children and for all the children of Immanuel Lutheran School. **Immanuel's Board of Education is asking that you cover 25% of the total cost of your tuition.** As of now, you have met the 25% of the total cost requirement and are eligible to receive the remainder of your tuition fees for the 2013-2014 school year.

Of course, any donations we accept on behalf of your child or children will be completely confidential unless you choose otherwise. Sometimes, it is beneficial for those donating to know that they have made a difference in the life of a child. Knowing that a second grade girl or a third grade boy has received the benefit of their generosity can be very heart-warming to those donating. If you choose, you may indicate the grade level, gender, and/or name of your child in the blanks below. You may fill out one, two, all three, or none of the blanks. You are under no obligation to share any of this information.

By signing below, I accept the Christian generosity of the Immanuel Lutheran School's Tuition Fund that will assist with the costs of my child's or children's education and I agree to pay a minimum of 25% of the total cost of our family's tuition. **(You will only be eligible for this assistance once you have paid the minimum of 25% of your monthly total.)**

If you have any questions, concerns, or comments about this letter, we invite and encourage you to speak with the school Principal or any member of the School Board.

In Christ's name, we thank you for your time and understanding in this matter.
