

To: Parents of Children,

The Minnesota Department of Education is requesting that we get written consent from Parents to deliver meals to their household. In order for your meals to be dropped off instead of picked up at the legion, we need you to sign this document allowing us to do so. This means that your address will be given to our delivery drivers, who will have a school related criminal background check on file with the school.

Thank you,

The School Staff

Please PRINT and Sign and date below and return prior to first delivery
